

Name; FUKUI, Yasuhiro

Nationality; Japanese

Date of Birth; Sep. 24, 1943

Address;

(Office) Dept. of Electronic & Computer Engineering, Tokyo Denki University, Hatoyama,
Hiki, Saitama, 350-0394, Japan

(E-Mail) fukui@f.dendai.ac.jp

(Tel) +81-049-296-2911

(Fax) +81-049-296-6413

Education;

1967, BS degree, Dept. of Control Engineering, Tokyo Institute of Technology (Japan)

1969, MS degree, Dept. of Mechanical Engineering, Purdue University (USA)

1972, Ph.D. degree, Dept. of Electrical Engineering, Wisconsin University (USA)

Main Career;

1972 ~ 1974; Post Doctoral Fellow, Dept. of Medicine, Univ. of California (San Diego)

1974 ~ 1977; Senior Engineer , Fujitsu Ltd.(Japan)

1977 ~ ; Professor, Tokyo Denki University

Professional Areas;

Bio-Medical Engineering , Life Support Technology, Control Engineering, System Engineering,

Patient Monitoring,

Artificial Organ (Artificial Heart, Artificial Lung, Heart-Lung Machine, Bio Material)

Present Position;

Professor of Dept. of Electronic & Computer Engineering, Tokyo Denki University

President of JSAO (Japanese Society of Artificial Organs)

President of Japanese Society of Life Support Technology

Vice President of Japanese Society of BME(Bio Medical Engineering)

Vice President of ISRBP (International Society of Rotary Blood Pump)
